Career Objective :

Motivated application developer with over 6 months of experience in mobile and web application development, actively working on real-world projects. Seeking opportunities to contribute to innovative solutions in a dynamic environment. Eager to apply my growing expertise, collaborate with experienced teams, and continue honing my skills to deliver high-quality applications.

Work History :

- UI designing for mobile applications (Android & iOS) and web development, along with the integration of new features and technologies into projects at **Bitla Software Pvt Ltd, Bangalore, India.** (May 2024 - current)
- Gained a strong understanding of Android Studio and Kotlin basics, working on multiple projects using the Ionic framework with AngularJS. Also experienced in API integration, with good knowledge of views, layouts, and familiar with design tools like Figma.

Technical Skills :

- Extensive knowledge of **Java programming**, with a focus on **Java 8 features**.
- Strong grasp of Relational Database Management Systems, including **MySQL and Oracle**.
- Competent in web technologies like **HTML5, CSS3, JavaScript, and ReactJS**.
- Skilled in using CSS frameworks such as **Bootstrap and Tailwind CSS** for responsive design.
- Well-versed in **Java Database Connectivity (JDBC)**.
- Skilled in using frameworks like **Hibernate, Spring MVC, and Spring Boot**.

Academic Projects :

- Worked on **Temperature based fan speed controller**, using **Arduino IDE** platform.
- Worked on **IoT based solar power monitoring system** to monitor the power production using sunlight from solar panel each and every second.
- Used platforms **Arduino IDE, Thingspeak cloud**.

Educational Background :

- Completed java full stack certification course from Jspiders Bangalore.
- BE graduate in electrical & electronics engineering from Dhanalakshmi Srinivasan college of engineering affiliated with anna university, Chennai with **7.46 CGPA in 2023**.

Soft Skills :

- Skilled at conveying complex ideas in a clear and concise manner.
- Proven ability to collaborate effectively in diverse, cross-functional teams.
- Flexible and adaptable in responding to changing priorities and environments.

Field of interest :

- Travelling – Always seek an opportunity to explore new things which excites me.
- Solving sudoku & Rubik puzzles.
- Indoor & outdoor sports activities.
